Experiments

1. Create an AWS account and set alarm for bill alerts which may cross $1 in cost for the services
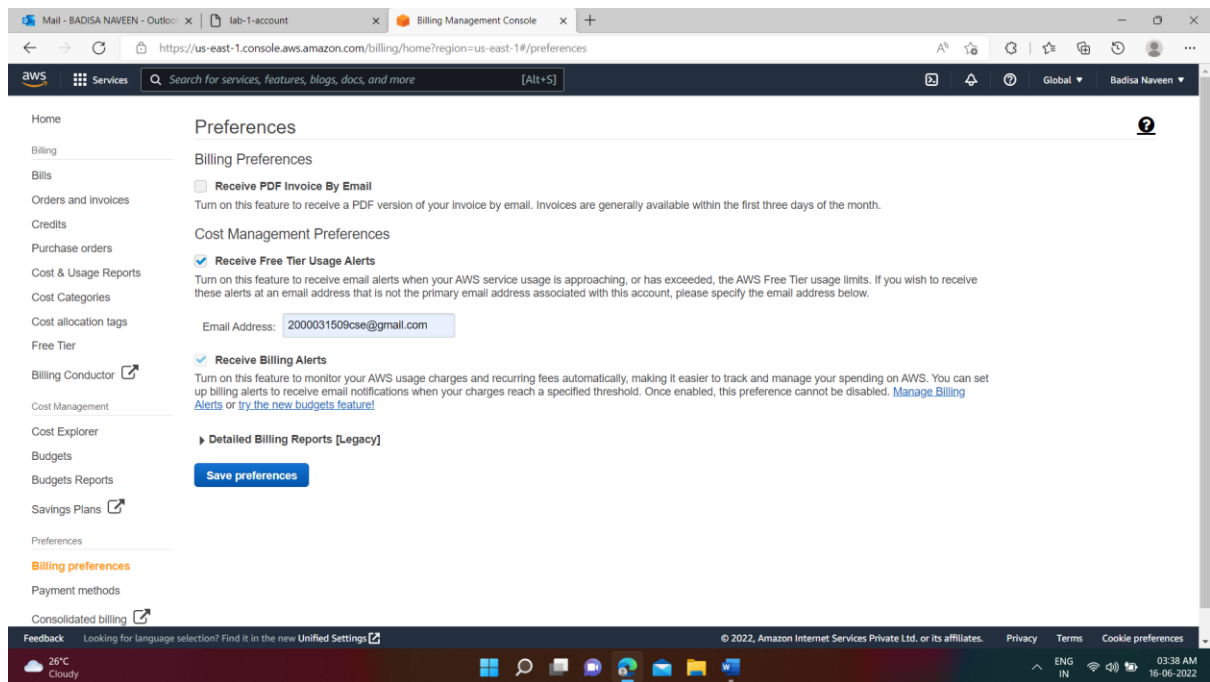

A.

Step1:

 Under the **Cost Management Preferences** section, select the check boxes for **Receive Free Tier Usage Alerts** and **Receive Billing Alerts**.
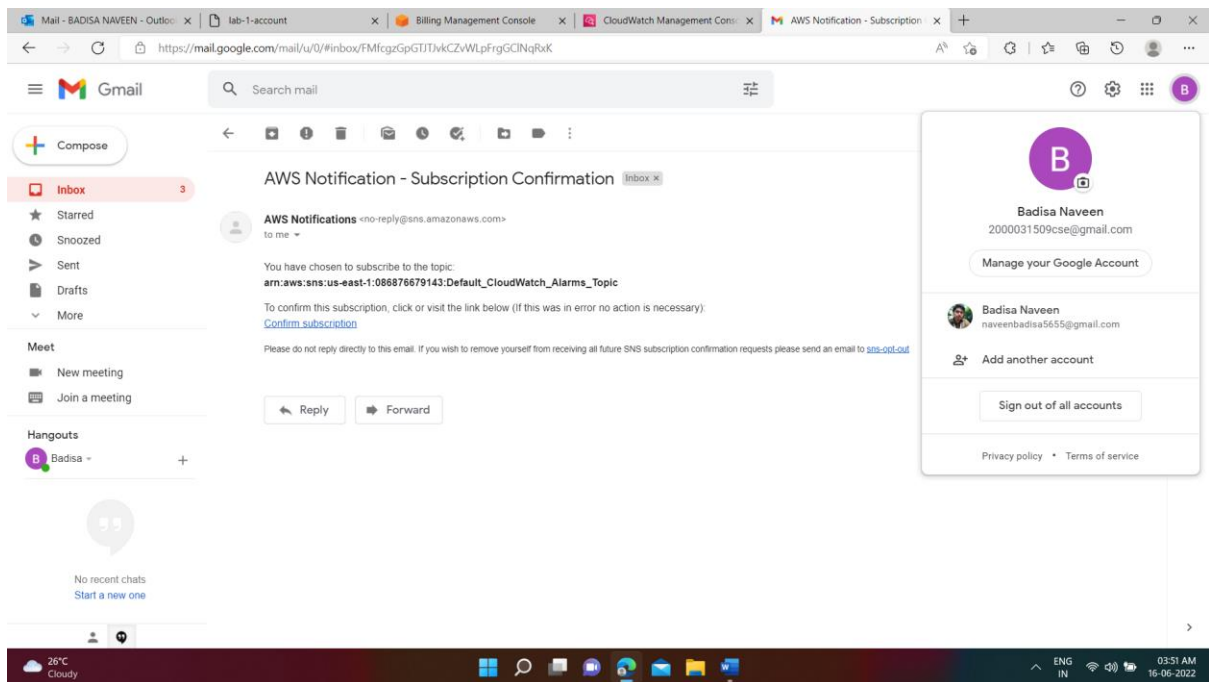

Step2:

 Enter your email address into the text input box under **Receive Free Tier Usage Alerts**.

Step3:

check the email you received the mail and click on Subscription

Step4:

After click on conform , we will get subscription confirmed

Step5:

Check the alarm in cloudWatch

<mark>Conclusion:</mark>

I kept AWS billing Alarm if my billing reach 1$, I will get notifications.
